The Deputy Commissioner's Report dated the 20th Feb 1941 is sent for perusal. He has stated that the building in Siddiputta Bangalore city endowed for charitable purposes is a very old one not fit for habitation as opined by the Executive Engineer, Building Division, Bangalore and he has recommended that the said building may be sold and the proceeds utilised for the intended charity. The Muzrai Commissioner has expressed his concurrence to this recommendation.

2) The appeal in the High Court was disposed of on the 9th November 1936 and judgment was delivered on that day dismissing the appeal with costs. (Vide Govt Advocate's letter of the 12th November 1936 perhaps below since the appeal filed by the Appellant (plaintiff A. Krishnadas) was dismissed, the order appointing the Kalutara Receiver, which was passed by the High Court at the instance of the said Appellant must have been vacated. 26) From the facts as recorded it is seen that the Building in question was endowed by a charitable person and therefore its income from the Building is to be used for a charitable purpose, that the income from the said Building is admittedly less than Rs 200/- per annum.

27) The proposal therefore is that the Building is now to be safeguarded and instead of speedy recovery as regards, the Building may be sold as it is, and the proceeds of the sale might be invested, and the income therefrom be spent for the purpose mentioned by the donor.

28) Such a thing can be done provided the Building can fetch a decent amount sufficient to carry out the wishes of the deceased donor.

29) The approximate sale price may be ascertained, and also what would be the approximate cost to place the Building in a proper condition. Moreover, what are the liabilities on the Building. A detailed report on these points may be given, before the question of the disposal of the Building is decided.

NOTE—Contn Sheet.

Serial No.

All litigations connected with this and other properties of late Mr. A. Ramakrishnappa are practically over Hence there cannot be any dispute about this endowment. The property is situated in one of the busiest parts of the Bangalore city. It fetches a rent of more than Rs 200/-. Since no money is spent for carrying out the charity, there must be an accumulation of the income all these years. Out of that amount repairs may be effected. The will of Mr. Ramakrishnappa does not contemplate the sale of the premises. It is a pity that the Muzarai officers in charge of this institution have not been taking as much interest in its management as they ought to ~~do~~ and carry out the intentions of the donor. The sale of the building may not fetch proper price. The details at 'A' may have to be obtained before ~~permission~~ the question can be disposed ~~off~~.

From the Mysore Commissioner in Mysore

Forwarding the connected records with the Deputy Commissioner's report and soliciting in the circumstances explained by him, sanction to the disposal of the building in question in public auction with an initial bid of Rs. 25,000/- offered by Mr. Mohammed Yakoob, the present tenant of the building.

42) The local officers opine that the building may be sold in public auction as it is in a dilapidated condition, and as the property is situated in a busy locality in the city may fetch more than Rs. 25,000/- at which price the present tenant is prepared to purchase it. The Executive Engineer, Building Division has stated in his letter dated 15th July 1940 that the building is old and unfit for improvement and that as such it may be sold in

auction. The Deputy Commissioner supports the above proposals and adds that the balance of arrears due from the tenant of the building amounts to Rs. 1,060/- and that action is being taken to recover the amount.

43) The M. C. states that the question of framing a scheme for the management of the trust will be taken up after the disposal of the property and investment of the proceeds in any profitable security.

44) It is seen that for effecting ordinary repairs urgently required to safeguard the building from further deterioration a cost of about Rs. 6,000/- will have to be incurred, but these repairs will not improve the condition of the building substantially

47) In view of the opinion of the Ex-Engineer that the building is unfit for improvement the question of repairs may be dropped. The estimated cost of repairs viz Rs 6000 is very heavy & even if the amount is spent the question from the house building may not be appreciably more than now. The building is expected to fetch Rs 20000 at least. At an auction sale under the present conditions of slump in house value it may fetch even a higher price

Muzrai Petition.

Petitioner:- AAGopalakrishnappa
son of A.Ramakrishnappa
Residing in Door.No. 166
Rangaswamy Temple Street
Balepet,
Bangalore city.

Respected Sir,

The petitioner above named respectfally begs to state as follows:-

1. The petitioner is the ~~senior~~ son of late A.Ramakrishnappa who died on 27-3-30 leaving a will dated 1-1-22 whereby he has bequeathed a valuable property situated in Arcot Srinivasachars Street, Bangalore city more fully described in the sbhedule below for religious and Charitable purposes namely to conduct a Vedapatasala in Sri Gopalakrishnaswamy Temple of Sri Vyasaraya Mutt. The said house, door No. 45, is worth about one Lakh of Rupees and is fetching a rent of about Rs. 300 per month.

2. That according to the said will, the Muzrai Department should spend the income of the property towards giving scholarship to Brahmin students and hold a School for teaching Veda and Madhavagranthas adhva Brahmins in Sri Vyasaraya Mutt in Chicknet bangalore City. It is clearly stated in the said will that the descendants of .Ramakrishnappa should

effect the necessary repairs and act as manager to get the income of the house with the permission of the Muzrai Government.

3. That on 31-7-35 the Sheristadar of the Bangalore Taluk Amildar office took possession of the house for and on behalf of the Amildar and the Amildar is collecting the rents since then. The said Amildar was also appointed as receiver of the said property by the order of the High court Judge in P.A.93/34-35 on the file of the High court Bangalore, in a suit filed by one A.Krishna Rao, against the petitioner and The Muzrai deportment. The said suit was disposed in favour of the petitioner and the Muzrai deportment on 9-11-36.

3. The petitioner brings to the notice of the benevolent Government, that the Amildar or the Deputy commissioner Bangalore is not managing trust properly. They have not started any patasala, They have not even repaired the building which is in a busy quarter in the main road near Market. It is now in a very delapitate condition. They have not rendered any account either to the petitioner or to the High court. They have not even appointed any trustiee but they are sleeping over the matter in spite of petitioner notice dated 4-8-39 and several petitions.

4. That it is very un-fortunate that the Amildar is not properly making use of the charitable act of

of the petitioners father. The income of the ~~temple~~ house would be a great help and encouragement to some students who are desirous of learning the ancient cluture. If the property is allowed to be wasted the very object of trust will be frustated.

5. Where fore the petitioner respectfully requests that the benevalent Government may be pleased to call for the records and pass orders.

GENERAL SECRETARY.
6 MAR. 1941

SIR,

Report on the petition of Mr. A. Gopalakrishnaiya, complaining of mismanagement of the property endowed by Mr. A. Ramakrishnappa for charitable purpose.

With reference to your letter No.870/Muz.104-40-1 dated 1-2-1940 calling for a report on the above subject petition, I have the honor to forward herewith a copy of letter No.C3-14 1/40-41 dated 20-2-1941 received from the Deputy Commissioner, Bangalore District, which explains the facts of the case.

2. Houses bearing Municipal Nos.45 and 46, and the other properties, in Arcot Srinivasachar's Street, Halasoor City, endowed by late Mr. A. Ramakrishnappa, for certain charitable purposes, have been taken under Government Management, as per G.O.No.1428-95/Muz.104-34-5 dated 27/28-8-1935. As the endowed properties had been mortgaged to the Mysore Bank, the rent realisation of the above buildings had to be paid to the Mysore Bank, till the debt was discharged and this arrangement was also approved in the above Government Order.

3. The Deputy Commissioner has now addressed to me a lease of the above properties [illegible] (copy enclosed) [illegible] buildings on fresh lease [illegible] period of two years, [illegible]

might be continued in his favour for another year from 16th July 1939 that the lessee was in arrears to the extent of Rs 3,600 till the end of December 1939; and that he had instructed the Sub Division Officer to expedite the collection of the arrears.

3. The lease for one year was sanctioned by me on 26-3-1940, with instructions to the local officers, to expedite the collection of the arrears.

4. In the meanwhile, the lessee, Mr. Mahomed Yacoob Sab, petitioned to this Office on 23-10-1940, complaining that the Sub Division Officer, Bangalore, had taken coercive action against him for the recovery of Rs 4,300-12-0 as arrears, though a sum of Rs 2,700 only was due as per accounts maintained by him (lessee); that his accounts might be verified; and that he might be allowed to pay the arrears at Rs 200 per mensem, in addition to the current rent demand, and praying that the sale of his private land at Bhogenahalli, fixed to 28-10-1940, might be stayed pending disposal of his petition.

5. A stay order was issued by me on 24-10-1940 and the Deputy Commissioner was requested to collect the correct dues, in instalments, along with the monthly rent.

6. As the lessee has failed to abide by the instructions, to pay the arrears in instalments, I have vacated the stay order and requested the Deputy Commissioner to take further action in the matter.

7. The Deputy Commissioner reports that the building is very old and not fit for improvements, as stated by the Executive Engineer, Buildings Division, Bangalore, and recommends that it may be sold and the proceeds utilised for the intended charity.

8. I request that sanction of Government may kindly be obtained to the recommendation of the Deputy Commissioner.

The file of ~~records~~ connected records is enclosed for reference and kind return when done with.

I have the honor to be,
Sir,
Your most obedient servant,

Muzrai Commissioner.

Letter No.C3-212/39-40 dated 4-3-40 from the Deputy Commissioner, Bangalore District, to the Asstt. Commissioner in Mysore.

Re. the management of the properties endowed by late Mr. Ramakrishnappa for certain charities.

With reference to your letter No.P.C.441/29-30 dated 7-6-1939 on the above subject, I have the honor to state that it is reported that the house bearing Municipal No.45 and 46 in Sundaramth Street, Bangalore City, was leased out in the year 1935 that the records relating thereto were submitted to the High Court of Mysore and they have not been received back, that another lease sale was held on 16-7-1937 for Rs 200 per month in favour of Mr. Abdul Yakoob Sab for a period of two years. Though the period of the lease has expired, the previous lessee is allowed to continue in possession of the building. The Amildar reports that further action could not be taken as the building is in a state of disrepairs and dangerous to reside and as nobody coming is coming forward to take up the building in its present condition he recommends that the present lease may be continued pending final settlement of the question re. the repairs to be executed to the building or its disposal outright. The Sub Division Officer recommends that the lease may be continued for 3 years from July 1939. I am of opinion that the lease may be continued for another year i.e., one year from 16-7-1939.

As regards the petition of Mr. Gopalakrishnamma and others to give effect to the wishes of donor, it is reported that arrears could be collected in the shape of rent on the buildings had to be adjusted towards the encumbrances over the property as pointed out by the Civil Court from time to time and no money is left over to spare for the charities. In fact some portion of the amount has been advanced from temple funds to dispose of the litigations and payment of expenses of the suits as will be seen from the Amildar's report, enclosed in the file. It is also reported that the lessee is in arrears to the extent of Rs 5,600 up to the end of December 1938. The Sub Division Officer has been asked to see that this heavy sum of Rs is collected without any delay and to make a special report of progress made in this connection.

As it is reported that the building is in disrepairs, I have directed the Sub Division Officer to inspect the same and submit definite proposals as to whether the building is required at all cost and if, in the event of it being decided to get rid of any demolition or reconstruction, what price could be fetched, investing the proceeds in some suitable property. The question of repairing or disposal of the building is a matter of importance and should be carefully considered.

I shall send a further communication to you on receipt of definite proposals from the Sub Division Officer, after his joint inspection of the building in company with the Executive Engineer.

Sir,

Re: the management of the properties endowed by late Mr.Ramakrishnappa for certain charities and petition of Mr. A. Gopalakrishnappa son of Ramakrishnappa, complaining of mismanagement of the trust properties.

With reference to the correspondence ending with your office D.O. reminder No.P.C.441/29-30 dated 5th February 1941, calling for a detailed report in the matter, I have the honour to state as follows:-

1. The property in question viz., a house in Siddikatte, Bangalore City, was ordered to be taken possession of by Government, in their Order No.P.1423-25/Law 204-34-5 dated 28th August 1935 as that house was intended by the donor for Charitable purposes, but litigation in one form or other is still being continued by the descendents of the late donor questioning the validity of the Will and contesting the action of Government in assuming possession of the said property and utilising the proceeds thereof for Charitable purposes as intended by the donor, and Government is all-through made a party to these proceedings and it has often been felt that Government ought not to have involved themselves in this costly and confusing litigation, which after all meant no profit to Government, except perpetuating the charity intended by the donor. But for the confusion created by the interested parties, among the members of the donor's family, the charities would have been managed in the best manner possible and charity would have also flourished well. The petitioner and other descendents of the donor's family have proved themselves to be more an obstacle in the smooth management of the charities than their promoters and mis-management, if any, is due entirely

entirely to their non-co-operation with Government and vindication of their private and personal interests in the matter. Because Government proved - themselves strong to them, they have now commenced these tactics just to bring discredit to the present management of these properties.

2. It is seen from the connected records that immediately after the property viz., the house referred to above, passed into the hands of Government in July 1935, they have been leased out to the best advantage of the - charities and the enclosed statement furnishes the amounts realised in the shape of rents from these properties, amounts spent for the payment of Municipal and other taxes, due on the buildings, payments made to the Government Advocate and the Public Prosecutor for their professional services rendered for the - prosecution of the case, and also payments made into District Judge's Court and the Bank of Mysore, under the orders of the Court. Out of a total demand of Rs.13,950/- from the date of the taking over possession of these properties, a sum of Rs.10,850/- has been recovered so far, leaving a balance of Rs.3,100/- still to be recovered and the entire arrears now outstanding recovery are due from the Proprietor of the Punjab Trunk Factory, who happens to be the lessee of the buildings in question from the beginning. This lessee is reported to be not regular in his payment of the rentals and the local officers also have been very lenient to him and consequently the arrears have accumulated and the party pleads his inability to pay the entire arrears in a lump and wants further concession by way of making payments by monthly instalments of Rs.200/- towards the arrears, along with the current rent of Rs.200/- per mensem. It is now reported that he has not done so for the past six months.

3. Action was taken by the Amildar for the recovery of these heavy arrears by bringing to sale the Right, Title and Interest of the defaulter in his lands situated in Bhogenahalli village of Bangalore Taluk and there was perhaps every prospect of the entire arrears being recovered if action had been pushed through. Just then, he was granted a Stay Order by your Office, in respect of the sale of this property and the lessee has not made any - serious attempt to clear the arrears and so much so they are increasing - month after month. The Amildar, Bangalore North Taluk and Sub Division Officer, Bangalore Sub Division, are of opinion that unless the Stay Order now issued is vacated and the lands referred to above are brought to sale there are no prospects of recovering the arrears now outstanding against

against him and the charities will be put to loss on that account.

4. In the circumstances reported, I request that the stay order issued in his favour may kindly be withdrawn and the lands in Bhogenahalli allowed to be proceeded against.

5. As regards the future management of the Charities, a proper scheme will be prepared and submitted for your kind approval after the receipt of the records back from you.

6. The building itself is reported to be in a state of disrepair and the Executive Engineer, Buildings Division who was consulted by the local - Officers in this connection, has replied in his letter No.177 dated 15-7-1940, that it is an old building and not fit for improvements and as such he recommends that the building may be sold as it is and the proceeds utilised for the Charity intended. This,I think,is a reasonable proposal which may also kindly be approved.

7. The two files relating to the subject containing, the several petitions sent for report, are enclosed herewith for your kind reference.

I have the honour to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Bangalore District.

OFFICE OF THE MINISTER FOR FINANCE & REVENUE 1942 No 1993

Petitioner:- Mohamed Yakub Saheb.
Proprietor.
The Punjab Trunk Factory,Bangalore.

Subject:- Regarding the disposal of the buildings etc situate in Siddikatte,belonging to Mr.A.Ramakrishnappa's Charities,now under Government management(in the Muzrai Department).

Petitioner begs to state as follows:-

1. That the petitioner is the lessee of these buildings for nearly 15 to 20 years paying a monthly rent commencing from Rs.50 and it is Rs.200/-.

2. That the petitioner has spent a considerable amount for the repairs,white-wash etc from time to time and the same has not been paid to him nor adjusted towards the rent due from him. Several representations to the Local authorities in the matter were of no avail.

3. The buildings have become much dilapidated and quite unfit for habitation.The question of repairing the building was pressed both upon the Trustees and the Local authorities but to no purpose.The petitioner himself has been attending to petty repairs etc at his own cost so as to enable him to get rents from the tenants.

4. The petitioner understands that the question of overhauling the building has been dropped and it is under contemplation to sell away the building once for all.In this connection the petitioner begs to state,that the building is in such a shaky condition,that nobody would like to have the building even for a small price,as the materials used for its construction,the present state of the building would fetch nothing in return.If repairs are undertaken surely the whole building will come down. If it is sold the value has to be fixed only for the site.If need be the whole building may kindly be got examined by a Departmental Officer and his opinion obtained.The present building has to be dismantled and rebuilt again.

5. If it is finally decided,as the petitioner understands, to sell away the building,the petitioner submits that in view of his long enjoyment of the building,for sufficiently long

period

being the lessee of the building,the petitioner has got a voice in preference to others,to purchase the building,for any reasonable amount which the Benign Government may be pleased to fix for the same,consistent with the dimensions of the site,etc and the object with which the donor has left the buildings for charitable purposes.

6. The petitioner offers himself as an applicant to purchase the building for Rs.25000/-(Twenty five thousand Rupees) in view of the heavy outlay involved for reconstructing the same. The petitioner feels highly grateful if his request is sympathetically considered,before the question is finally settled. The petitioner feels that he has got a claim to own the building in view of his connection with the same for a number of years.

GENERAL SECTION
5 FEB. 1943

Subject:-Re:-properties endowed by the late Mr. Ramakrishnappa for certain charities at Bangalore City.

***

With reference to your letter No.1737/Muz.104-40-10, dated 30th March 1942, calling for certain information in respect of the above properties, I have the honour to forward herewith letter No.C.S.R.13/38-39, dated 18th January 1943, received from the Deputy Commissioner, Bangalore District, furnishing the information required.

The minimum value which the building would fetch, if sold, is estimated at Rs.25,000/- and the cost of its repair is estimated at Rs.6,000/-. It is stated that there are no encumbrances known so far. The balance of rent outstanding is said to be Rs.1050. It is stated that action is being taken to collect the entire outstanding arrears in a lump-sum.

The Amildar and the Sub Division Officer are of opinion that it would be very advantageous to dispose of the property immediately in open auction, instead of trying to improve the building at considerable expense, which, according to the technical opinion of the Executive Engineer, Buildings Division, Bangalore, furnished on 15-7-1940 (enclosed in the file), is not fit for improvement, being an old building. The Deputy Commissioner supports this view. I recommend therefore, that

P.T.

orders of Government may be kindly obtained to the dispos of the buildings in public auction, with an initial bid of Rs.25,000/-, now offered by Mr.Mahamed Yakub, the present tenant of the building. The question of framing a scheme the management of the trust etc., will be taken up after the disposal of the property and the investment of the procee in any profitable security.

The favour of very early orders is solicited.

The connected file of records is enclosed herein for kind reference and return.

I have the honour to be,
Sir,
Your most obedient servant,

GV/ Muzrai Commissioner

Sir,

Subject:- Disposal of the properties endowed by the late Mr. Ramakrishnappa for certain charities in Bangalore City.

Adverting to the correspondence ending with your letter No. P.C. 441/29-30, dated the 2nd February 1943, on the above subject, I am directed to state that Govt. approve of your proposal to dispose of the building in question, in public auction with an initial bid of Rs 25,000/- offered by Mr. Mohamad Yakoob, the present tenant of the building, and that the Deputy Commissioner, Bangalore District, may be requested to conduct the sale of the building, personally.

2 The connected records are herewith returned.

I have, etc.,

S i r,

Subject:- Disposal of the house endowed by late Mr. A. Ramakrishnappa for charitable purposes-forwarding further report on the.

With reference to your memo No. P.C. 441/42 dated 13-4-1942, forwarding for report copy of letter No. 1737/Muz.104-40-10 dated 30-3-1942, from the General Secretary on the above subject, I have the honour to state that the Amildar, Bangalore North Taluk after inspecting the building and making local enquiries, reports that the present estimated value of the building may be taken at Rs.25000/- in view of its present delapidated condition, and that the value being more for the site than for the building itself. In the mahazar dated 30-7-1942 drawn in the locality also, the value of the property, is estimated at not less than Rs.25000/-. The present offer of Mr. Yacoob sab, who is the present lessee, is perhaps, for the minimum price. The property, may fetch more than Rs.25000/- if sold in public auction, for the reason of its situation in an important locality in the busy part of the City.

As for the cost of repairs no proper estimate is prepared. It is reported that approximately, the ordinary repairs that are urgently required for the building may be estimated at Rs.6000/-, which though effected, will not be a substantial improvement, but only a safeguard against further ruination so that the building may be made to stand for some time more without collapsing. The technical opinion of the Executive Engineer, furnished so long back as 15-7-1940, supports the view that the building is not capable of improvements and that it might be sold. I think that it would be advantageous to sell the building in public auction now alone, when the present market conditions are very favourable.

The only objection to this proposal, is from Mr. N. Bheemacharya, Advocate Bangalore City. His contention is that the cost of repairs will be about Rs.6000/- to Rs.7000/- and that the property will yield a rent of about Rs.400/- per month vide petition dated 22-12-1942 enclosed. From the report of the Amildar, it is seen that Mr. N. Bheemacharya has not taken any real interest in the matter but has hereby presented a counter petition to the proposal of selling away this property. No estimate for the repairs has been filed by him so far, nor has he taken any further action to keep the building, In view of the technical opinion furnished by the Executive Engineer, and the view taken by the local officers, it may not be worthwhile to accept the proposal of the petitioner trustee.

Regarding the encumbrances on the property, it is reported by the Amildar that there are no encumbrances, known so far.

About the recovery of the outstanding arrears of rent it is reported that the present tenant i.e., the proprietor, the Punjab Steel Trunk Factory has been paying at the rate of Rs.100/- towards arrears in addition to the monthly rent of Rs.200/- every month and that the balance outstanding at present is Rs.1050/- towards arrears and that action is being taken to collect the entire outstanding arrears in a lumph sum.

The Amildar is finally of opinion that it would be very advantageous to dispose of the property immediately in open auction (as the present market value of immovable properties is ruling high) instead of trying to improve the building at considerable expense. The Sub Division Officer also supports this view and I agree with them. The building may be sold with an initial bid of Rs.25000/- now offered by Mr. Mohamed Yakub the present tenant of the buildingm he also being given notice of the sale.

The favour of very early orders is requested.

The entire file of records ending with Bangalore Sub Division Officer's memo No. B2.378/42 dated 30-12-1942, accompanies for favour of reference and return.

I have the honour to be,
Sir,
Your most obedient servant,
